Ledger Close Truth Readiness Gate

Generated: 2026-09-08T11:42:22.549Z Mode: fail Status: ready

Summary

- Checks ready: 10/10
- Blockers: 0

Checks

- ready: posted_journal_close_helper
- ready: reversed_journal_close_helper
- ready: same_period_reversal_deduplication
- ready: manual_posting_invalidation
- ready: manual_reversal_invalidation
- ready: pos_sale_invalidation
- ready: pos_payment_invalidation
- ready: pos_refund_void_invalidation
- ready: posting_period_targeting
- ready: posting_correlation_evidence

Blockers

- None

Safety

- This gate is static and read-only.
- It verifies posting-to-close evidence seams; focused tests verify runtime behavior.
- It does not certify SYSCOHADA account mappings or statutory financial statements.
