Module Surface Inventory

Report mode: this inventory is read-only and does not enforce module entitlements.

Summary

- Generated at: 2026-09-05T10:11:36.709Z
- Catalog modules: 19
- Surfaces inventoried: 415
- Source coverage: sidebar=present, moduleCatalog=present, dashboardRoot=present, actionsRoot=present, reportExportSurfaces=present, apiRoutes=present, apiGuardInventory=present

Classification Counts

- dashboard-only risk: 77
- delegated re-export: 7
- delegated_uploadthing_core: 1
- enforcement candidate: 293
- mapped: 371
- missing permission: 79
- not applicable: cross-module session assurance: 1
- not applicable: internal action response helper: 1
- not applicable: internal display helper: 1
- not applicable: internal module governance contract: 1
- not applicable: public email verification: 1
- not applicable: public identity boundary: 1
- not applicable: public organization onboarding: 1
- not applicable: public password reset request: 1
- not applicable: token-bound invitation acceptance: 1
- not_applicable_public: 4
- not_applicable_public_service: 1
- not_applicable_session_claims: 2
- review_required: 6
- source_inherited_service: 16
- unmapped: 5
