Material legal findings

- 1
- Labour Code sections 23-24 define the employment relationship and allow proof of contract existence generally; section 27 makes writing mandatory for specified-duration contracts exceeding three months, displacement, and foreign-worker cases. Section 28 requires probationary hiring to be written.
- 1
- Section 44 requires an employment certificate at departure stating dates and posts held.

- 1 Sections 68-69 require regular wage payment, employer-certified payment evidence and an individual pay voucher, with records available to Labour Inspection.
- 1 Sections 114-116 address establishment declarations, manpower information and an up-to-date employer's register.
- 1 CNPS source material describes worker registration, insurance records, hiring/cessation notices, nominative declarations and contribution responsibility. The exact current deadlines and electronic procedure require CNPS confirmation because source wording and guidance are not perfectly uniform.
- 1 DGI CGI 2024 articles 81-84 address employer withholding, payslip notation, remittance and DIPE; articles 101-102 address annual employee-level declarations. The 2026 circular must be reviewed for amendments before calculation or filing.
- 1 AUDCIF/SYSCOHADA governs accounting records and financial reporting. It does not appoint employees or G1 control owners.

Limitations

- 1 No certified Official Gazette copy was supplied.
- 1 No MINTSS confirmation of current implementing orders, employer-register format, internal-regulation threshold or applicable collective agreement was obtained.
- 1 The DGI 2026 circular is image-based in the downloaded edition; no automated payroll-law conclusion was drawn from it.
- 1 No qualified Cameroon lawyer, CNPS practitioner, tax adviser or OHADA accountant has signed this register.
